

## Advanced Resins and Additives for Innovative Coatings

### One-Source Global Supplier

Cytec is one of the world's leading specialty chemicals and materials technology companies. We focus on developing advanced technological solutions which help create "new value" for our customers. We support our customers with global manufacturing, expert technical service, and market-leading applications development.

### Competitive Advantages through Eco-Friendly Innovation

Cytec's liquid coating resins and additives are innovative and diverse, and can help manufacturers realize the competitive advantages of environmental compliance, while also meeting their needs for:

- **Improved performance** (scratch/stain/corrosion resistance and adhesion)
- **Greater ease of application** (required cure response)
- **Better finishes** (gloss/matte, texture, and specialty)

### Broad Product Portfolio

We offer an extensive selection of resins and additives used to formulate high-performance coating systems. Our portfolio includes low volatile organic compounds (low-VOC), and hazardous air pollutant substance-free (HAPS-free) technologies for existing and emerging markets:

- **Architectural**—Decorative Wall and Trim Coatings, Stains, Concrete
- **Automotive and Transportation**—OEM, Aerospace, Refinish, Parts and Accessories
- **Industry**—Wood, Packaging, Coil, Metal Protection
- **Compounding and Reinforcement**—Petroleum and Lubricants, Grouts, Lamination, Sizings

Our current portfolio includes:

- Core-Shell Alkyd Emulsions—**RESYDROL**®
- Epoxy Dispersions and Waterborne Epoxy Hardeners—**BECKOPOX**®
- Additives for Waterborne, Energy Curable and Powder Coatings, and Lubricants—**ADDITOL**®, **CYCAT**®, **MODAFLOW**®
- High Solids and Waterborne Crosslinkers—**CYMEL**®, **CYLINK**®
- Waterborne and Solventborne Emulsions and Dispersions—**VIACRYL**®
- High Solids Polyols—**MACRYNAL**®
- Polyurethane Dispersions—**DAOTAN**®
- Phenolic Resins and Dispersions—**PHENODUR**®

### Worldwide Technical Support

Through our ISO-certified manufacturing and technology centers, we are able to provide responsive service on a consistent global basis, and to help our customers identify and profit from emerging opportunities.
