

Welcome to the first global edition of our RADCURE™ e-Newsletter. The regional periodical that has reached your inbox during the past few years is now enriched, and this new global edition will now come to you quarterly.

Our wish is to keep you informed with several sections of global interest such as Sustainability, Innovation & Technology, Regulatory Affairs and "Cytec on the Move".

Enjoy your reading!

SUSTAINABILITY
Sustainability at Cytec: The 12 Principles of Green Chemistry from a Coatings Perspective

At Cytec, we are integrating Sustainability into our business strategy. Our commitment includes the adoption of the [12 Principles of Green Chemistry](#) in our efforts to develop, manufacture and promote innovative products that meet or exceed our customer requirements for technical performance and eco-friendliness. [Read more...](#)

Cytec Sustainability Report
